**WHERE QUALITY
MATTERS™**

OUR COMPANY

At Tawreed Middle East LLC, we combine the professional expertise of our employees with the forefront brands to serve our customer with the world's most reliable and efficient mechanical equipment and services.

Whatever your cooling plant service needs are, Tawreed Middle East LLC is a trusted company that you can rely on as we stand up and committed with honor to serve our customers to the world's highest technological, economic, and social standards.

Our Business

- District Cooling Equipment Maintenance Services (Cooling Towers, Chillers and Pumps).
- Supply of HVAC Spare Parts.
- HVAC Retrofit & Upgrade Solutions.
- Supply of Air Filters and Air Quality Products.
- Design and Supply of ventilation system.
- HVAC Performance & Energy Testing.

Our Vision

To be the "Preferred Partner" for customers, suppliers, and employees by being admired for your business values and ethics.

Our Values

Trust, Approachable, Winning, Respect, Ethical, Excellence, and Devotion.

OUR SERVICES.

Tawreed Middle East LLC provides high quality services for all types of cooling towers, evaporative condensers, Air-cooled and water-cooled chillers. Our well-trained team of technicians supported by well experienced engineers can help our customers in maintaining and extending the lifetime of their equipment by implementing several types of maintenance plans such as predictive, preventive, and corrective maintenance.

Cooling Towers Services

Extend the life and efficiency of your cooling tower or even upgrade its thermal capability with the most trusted service partner who understand the needs of cooling tower owners, operators, and contractors.

Chillers Services

Save thousands of dollars in expensive repair costs through our chillers maintenance programs that executed by experienced team of engineers and well-trained chillers technicians.

“CUSTOMER SATISFACTION IS THE KEY OF OUR SUCCESS”

COOLING TOWER SERVICES

For decades, the cooling towers have been considered as secondary neglected equipment in the plant. It is always too late when end users know how important to keep their cooling towers in safe hands after they suffers major breakdown or capacity degrade which will consume most of their maintenance budgets.

Our maintenance packages can identify small problems before they can turn into more costly repairs. We also provide on-the-spot repairs or even upgrade and retrofit solutions that can help you saving energy or providing more cooling capacities.

CT Cells

have been successfully maintained, refurbished, or upgraded.

+1,500
Interventions

have been completed in various commercial and industrial sites.

+300,000
Manhours

Spent on cooling towers different services.

CHILLER SERVICES

Chiller service is essential to ensure that the cooling system operates efficiently and reliably. Neglecting maintenance can lead to increased energy costs, decreased cooling capacity, and expensive repairs. By implementing a proactive maintenance plan and regularly servicing your chiller, you can extend its lifespan and reduce the overall cost of ownership.

ANNUAL MAINTENANCE CONTRACT

An Annual Maintenance Contract (AMC) is a service agreement between TAWREED ME and our customer to maintain the chillers and ensure the proper functioning, upkeep, and timely repairs.

PREVENTIVE MAINTENANCE

The primary goal of preventive maintenance is to prevent chiller failures, reduce downtime, and extend the operational life of assets. Such as oil analysis, compressor renewal, thermography scanning, vibration analysis and refrigerant analysis.

CORRECTIVE MAINTENANCE

Corrective repairs are carried out in response to an identified problem, failure, or malfunction when chiller breaks down.

PERFORMANCE STUDY

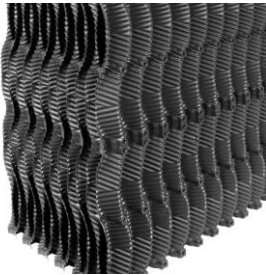

Chiller performance studies are essential for maintaining a comfortable and energy-efficient indoor environment while reducing operational costs and environmental impact. Regular assessments and maintenance are crucial to ensuring that chillers operate at peak performance and remain a reliable part of HVAC.

COOLING TOWER COMPONENTS

Brentwood Industries is a Leading provider of thermoformed plastic solutions and the world's largest cooling towers components manufacturer. With film and splash fill media for any water quality, in addition to complete line of drift eliminators and accessories, Brentwood offers a complete solution for efficient, safe, and clean operation of cooling towers.

CROSS FLOW FILL

COUNTER FLOW FILL

DRIFT ELIMINATORS

INLET LOUVERS

ACCUSPRAY NOZZLES

ACCUGRID PANEL

RANGE OF PRODUCTS:

- Fill Media.
- Drift Eliminators.
- Louvers.
- Nozzles.
- Safety Components.
- Water Diversion products.

SPX MARLEY ORIGINAL PARTS

Genuine Marley Parts from SPX Cooling Technologies, Inc. were installed at the factory to build your Marley Cooling Tower. To uphold the quality engineering and performance that define your cooling tower, insist on genuine Marley Parts for any service, repair or rebuild project. With nearly 100 years of experience fabricating cooling towers, trust SPX to provide the right TECH throughout your cooling tower's lifespan.

GEARBOX

FAN

DRIVE SHAFT

FLOAT VALVE

VIBRATION SWITCH

FILL MEDIA

RANGE OF PRODUCTS:

- Fill, Drift Eliminators & Louvers.
- Nozzles.
- Gearbox, Fans & Drive shafts.
- Float valves.
- Fan stacks.
- Safety devices (Vibrations, oil and water level switches).

REMANUFACTURED COMPRESSORS

City Compressor is one of the oldest providers of remanufactured compressors with 80 years of remanufacturing experience. We carry parts and accessories from all the top manufacturers, including Trane, Copeland, Carrier and York. Our compressor remanufacturing combines quality and affordability as we employ a team of trained and experienced technicians.

SEMI-HERMETIC COMPRESSORS

SCREW COMPRESSORS

SCROLL COMPRESSORS

RANGE OF PRODUCTS:

- Semi Hermetic Compressors.
- Screw Compressors.
- Scroll Compressors.

COMPRESSORS:

- Carrier.
- Carlyle.
- York.
- Bitzer.
- Trane.
- Copeland.

AIR FILTERS

Since its beginnings in 1979, AFPRO Filters has secured a leading role in the international air filtration market. As a manufacturer, AFPRO Filters can produce highly specialized customized work that meets the specific wishes of the customer, besides wide range of standard products.

PANEL FILTERS

CARDBOARD FILTER

BAG FILTERS

RIGID FILTERS

HEPA FILTERS

CARBON FILTER

RANGE OF PRODUCTS:

- Panel Filters.
- Bag Filters.
- Compact Filters.
- Carbon Activated Filters.

CLASSIFICATION:

- ISO ePM₁
- ISO ePM_{2.5}
- ISO ePM₁₀
- ISO Coarse

MAINTENANCE EQUIPMENT

Goodway Technologies offers the largest selection of complete maintenance and cleaning solutions designed to drive the efficiency of your systems, plants, and facilities. All of our solutions are safe and easy to use and have been created to help maintain critical systems to drive cost savings in variety of industries and markets.

TUBE CLEANER

COIL CLEANER

CT CLEANER

DUCT CLEANER

STEAM CLEANER

VACCUM CLEANER

RANGE OF PRODUCTS:

- Tube Cleaning Solutions.
- Coil Cleaning Machines.
- Cooling Tower Cleaning Systems.
- Industrial Descaling Systems.
- Duct Cleaning Equipment.

Industries:

- HVAC Maintenance.
- Facility Management.
- Power Generation.
- Food & Beverage Processing.
- Maritime and Offshore.

AUTO LUBRICANT SYSTEM

Perma has stood for innovative and creative lubrication solutions for more than 50 years. Perma single- and multi-point lubrication systems are used in almost all types of industries and applications around the world.

CONTROL

perma ULTRA

**MULTIPOINT
LUBRICANT SYSTEM**

**SINGLE POINT
LUBRICANT SYSTEM**

RANGE OF PRODUCTS:

- Single Point Lubrication System.
- Multi-Point Lubrication System.

APPLICATIONS:

- Electric Motors.
- Pumps.
- Blowers and Fans.
- Conveyors.

VENTILATION FANS

Since its inception, SISTEVEN, S.L.U., a fans and ventilation systems manufacturer, has been specialized in the manufacture of centrifugal fans and is recognized in international markets for its quality-price ratio. The company designs and manufactures fans at its factory in Spain based on the requirements of the international markets.

AXIAL FANS

IN-LINE FANS

CENTRIFUGAL FANS

ROOF FANS

SMOKE EXTRACT FANS

WALL FANS

RANGE OF PRODUCTS:

- In-line fans.
- Axial Fans.
- Centrifugal Fans.
- Smoke Extract Fans.
- Explosive Atmospheres Fans.
- Roof Fans.
- Heat Recovery Units.
- Air Treatment Units.

AC/R COMPONENTS

Sanhua is a leading HVAC&R manufacturer of controls and components with a global footprint and 30 years of experience. With co-operation with the largest companies in the Automotive, Appliance and HVAC&R industry makes Sanhua a leading worldwide OEM supplier providing the highest quality components at the most competitive price.

SIGHT GLASS

SOLENOID VALVE

TXV

EXV

PRESSURE SWITCH

FILTER DRIER

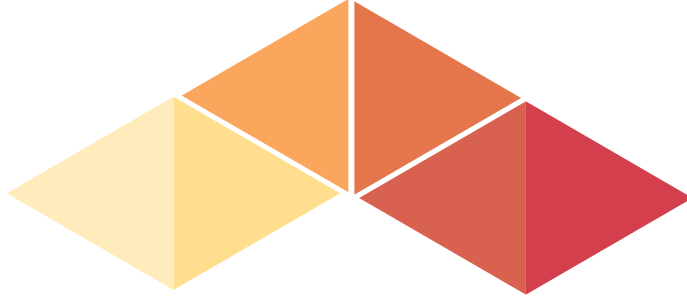

RANGE OF PRODUCTS:

- Solenoid Valves.
- Expansion Valves.
- Ball Valves.
- Sight Glasses.

RANGE OF PRODUCTS:

- Filter Driers and Filter core.
- Pressure Switches.
- Service Valves.
- 4 way reversing valves.
